Consular investigation and remarks: Dr. Wong presented a letter from Mr. Kotewall concerning himself and his father. He was brought to this office and introduced by Mr. Harry Sling. Dr. Wong is well known in medical circles of this city and is on the staff of Tung Wah Hospital.

His father, Wong kam-fuk, is equally well known in business circles being the Compradore of the Hong Kong & Kowloon Wharf & Godown Company, Ltd., for the last 43 years. He is being taken by his son to the Kelly Cancer Clinic at John's Hopkins, Baltimore, Maryland, for treatment.

I have made no investigation concerning the application of either of these gentlemen and consider none necessary since their status in the community is exceptionally well known. There is no doubt as to their proper classification as bona fide travelers and they are commended to officials of the Immigration Service for any and all courtesies which may be consistent with regulations in facilitating their passage into and through American Territory in their journey to John's Hopkins University Hospital.
